

# Eternity Revealed

The purpose of this book is to reconcile the Bible with the various sources presented, and to show that these sources do reinforce and confirm the great truths of the Bible. Some of these sources are completely dependent upon the Bible and could not exist without it. But, as in book 1, *Your Soul Is Eternal*, other sources, in fact the majority, are independent of the Bible and could stand alone as self-sufficient evidence of the eternal soul.

The overriding purpose of both of these books is to show that all faiths and particularly Christianity have been slow to recognize that God is speaking to us today through these unexplainable manifestations. The Christian presentation has not been short on the love of God, but on the fact that through his boundless love he is letting us know that he wants to take all of his children back unto himself, regardless of their faith or behavior.
