

The Vengeful Djinn: Unveiling the Hidden Agenda of Genies

If you fear one thing in life, fear the djinn. This groundbreaking book presents the findings of Rosemary Ellen Guiley and Philip J. Imbrogno's investigation into the powerful and mysterious interdimensional beings known as djinn or genies. It reveals what the djinn are, where they can be found--and their hidden agenda against the human race. Working with material compiled from a variety of sources--including their own case files, Middle Eastern lore, the Quran, teachings of Islamic scholars, and the latest theories in quantum physics--the authors explore the relationship between the djinn, demons, fairies, shadow people, and extraterrestrials. They discuss the military's interest in these clandestine beings, offer eyewitness accounts of modern human encounters with the djinn, and reveal the location of interdimensional entry points in North America.
